

New Orleans Terminal

Subject: Letter of Recommendation
Date: 03-30-2011

To: Whom it may concern

Hello, My name is Emmett Moore. I am writing you in regards to our electrical contractor at the New Orleans cement terminal, Kevin Clark Electrical Service, LLC.

I have travelled around the country working with, and managing, both large and small electrical contractors over the past few years. Kevin Clark and his company stand among the best I have ever worked with. They have always exceeded my expectation in the areas of safety, technical knowledge, project management, and conflict resolution. There have been countless times we have needed their service immediately or afterhours and Kevin has been able to work his crews around to meet our needs. I can't speak higher of an electrical contractor. I can easily stand behind the professionalism and service Kevin Clark Electrical Service provides and recommend them to anyone. Internally we have passed their name to all other Lafarge locations and I look forward to seeing them grow in the future.

Regards,
